

IN THE DRAWINGS

Applicant respectfully requests approval of the following drawing change. Figure 3 has been amended to correspond with the specification. More specifically, “Receiving Component” 80 has been changed to “Retrieving Component” 80 as described in the specification. No new matter has been added. Applicant hereby submits an “Annotated Copy” of Figure 3 showing the requested change in red permanent ink, and a “Replacement Sheet ” incorporating the change to Figure 3.

Furthermore, Applicant respectfully submits a formal drawing of Figure 16. No new matter has been added.
